

# Recent Developments in the Spanish Economy, Policy & Funding

June 2019

#### **Disclaimer**

This presentation material has been prepared by the Spanish Treasury and is updated on a regular basis, using <u>only public</u> <u>and already published information</u>. We reserve all rights.

This document is for information purposes only. Nothing in this presentation material constitutes, or forms part of, any offer or invitation to underwrite, subscribe or otherwise acquire or dispose of Spanish Government debt. It is provided for information purposes only and it is not intended to provide the basis for any credit or any other third party evaluation of that debt. While the Spanish Treasury applies its best efforts to include accurate information and the information herein is believed to be reliable, it makes no representation or warranty as to the accuracy or completeness of such information.

Distribution of information contained in this presentation material may be forbidden or limited by legislation of some jurisdictions. ACCESS IS DENIED TO PERSONS TO WHOM THESE RESTRICTIONS IN SUCH JURISDICTIONS APPLY AND GRANTED ONLY TO JURISDICTIONS IN WHICH THE DISTRIBUTION OF THIS INFORMATION IS NOT LEGALLY LIMITED.

The information contained on this website does not constitute an offer for sale in the United States of America. The securities described have not been, and will not be, registered under the US Securities Act of 1933, as amended, or with any securities regulatory authority of any state or other jurisdiction in the United States of America and may not be offered or sold, directly or indirectly, into the United States of America unless the securities are so registered or an exemption from the registration requirements is available.

Each person is required to inform himself accordingly and to comply with applicable restrictions. The Treasury of the Kingdom of Spain is by no means liable for any such infringement.

As a consequence of the previous information, you confirm that you are not a resident of the United States of America or of any jurisdiction in which the distribution of this information is legally limited and that you will not distribute any of the information and documents contained hereon to any person resident in the United States of America or in any jurisdiction in which the distribution of this information is legally limited. None of the information displayed or in connection with the presentation material is an offer of securities for sales in the United States of America.

# **Highlights**

- The Spanish economy will maintain a robust growth path: after growing at a rate of 2.6% in 2018, GDP is expected to expand by 2.2% in 2019
- National deleveraging is progressing, by combining growth with a current account surplus
  - ❑ Ambitious public debt reduction: Debt-to-GDP ratio in 2018 of 97.1%, down from 98.1%, and expected to close 2019 at 95.8%
  - Impressive private deleveraging: private sector debt of 152.1%, below the Euro Area average and down from 217.8% in 2010
- Strong pro-European sentiment underpins adjustment resolve:
  - Commitment to the Stability and Growth Pact: General Government deficit in 2018 of 2.5%, below the 3% EU reference value, and expected to be reduced in 2019 to 2%
  - Structural reforms: Macroprudential Authority, Agenda for Change under implementation
  - Measures to address unemployment, intergenerational equity, climate change and inequality (economic, territorial and gender) essential for long-term sustainability
- Gradual widening, deepening, improvement of Spain's investor base

### Macroeconomic scenario 2019-2022

Macroeconomic scenario (YoY growth rates in percent)								
	2016	2017	2018	2019	Q1	2020	2021	2022
Private consumption expenditure	2.9	2.5	2.3	1.9	1.4	1.6	1.5	1.4

<sup>%</sup> of population that thinks that membership of the EU is a good thing

Source: EUROSTAT, March 2019.

# Spain's growth pattern

- Current account surplus and net lending capacity vis-à-vis rest of the world
- Subdued inflation and strong job creation
- Rebalancing of weight of construction sector and higher weight of services sector
- Strong investment growth converging to Euro Area average

Source: Instituto Nacional de Estadística.

Source: Instituto Nacional de Estadística.

## A recovery intensive in labour creation

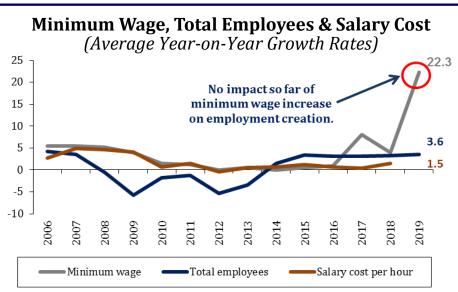

Unemployment down to 14.0%, from a maximum of 26.3% in 2013

- ▶ 2.5 million jobs created since 2014, equivalent to over 25% of the total employment generated in the Euro Area
- Falling unemployment fuels internal demand

Measures to increase job quality in order to fight inequality, foster stability & human capital

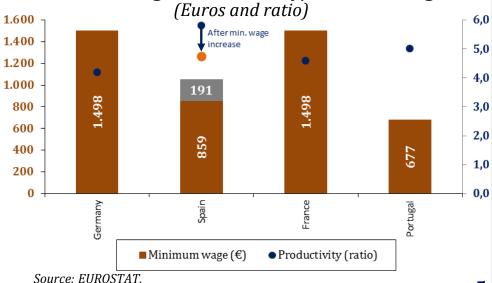

**Real Unit Labour Costs**

#### Minimum Wage & Productivity/Minimum Wage

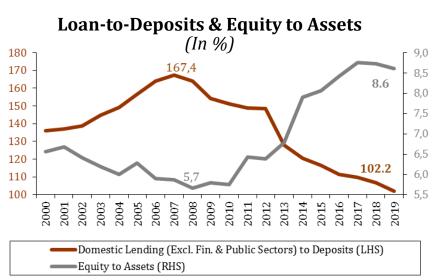

Source: EUROSTAT.

# **Banking sector adjustment**

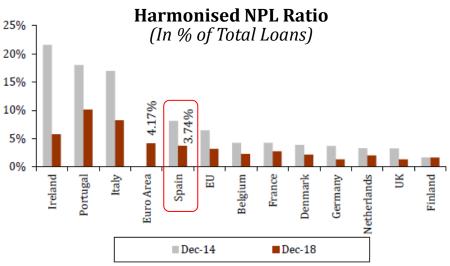

- Adjustment of the banking sector:
  - Downsizing & loss recognition
  - Enhanced capitalisation and profitability
- Strong improvement in NPLs: harmonised NPL ratio below Euro Area average
- EBA-2018 stress tests: reduced average impact under adverse scenario for Spanish banks
- Establishment of Macroprudential Authority

Source: Bank of Spain.

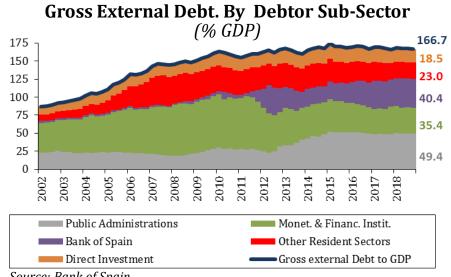

Source: EBA. Risk Dashboard Interactive Tool .

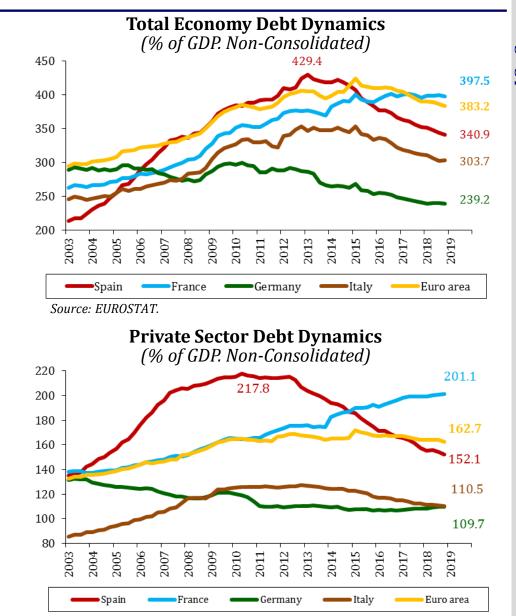

## **Deleveraging process**

- Total debt has decreased by 88.5pp of GDP, and private sector debt by 65.7pp of GDP
- Households & nonfinancial corporations' leverage now below Euro Area average
- Bank of Spain the only source of added "leverage": a consequence of monetary policy

#### Source: Bank of Spain.

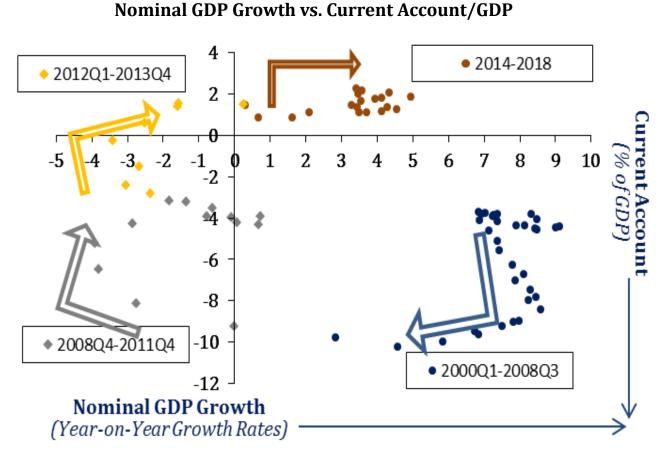

NOTE: The gross external debt position equals total IIP liabilities excluding all equity (equity shares and other equity) and investment fund shares and financial derivatives and employee stock options.

2019-2022 are the projections contained in the 2019 Stability Programme released in April 2019.

**Fiscal Policy** 

Continued fiscal consolidation of the regions leading to the gradual and conditional recovery of their financial autonomy

> **Regional Government** Net Lending (+)/ Borrowing (-)

(% of regional GDP)

**Fiscal policy framework: Regional Finances** 

- Several regions already funding themselves fully in the markets
- Backstop mechanisms will be kept in place under certain conditions
